The Reclamable to assume that the percentage of increase shown by the next conque will be as great for the whole Colony as for the Chi nese living in Victoria. The Committee inform us also that from certain data given in their report it may fairly be inferred that the householders have generally somewhat understated the number of persons living in their houses, and the returns do not seen to include the persons living in blocks of cupied by godowns, though there must caretakers and others in most of them. may fairly be calculated, therefore, that the population at the present time reaches at loast 220,000.

The proper housing of this large population is a problem which demands the attention of the Government and the Sanitary Authorities. The investigation just concluded shows that there is an amount of overcrowding which cannot full to be de leterious to the health of the persons occupy. of wecuring, profit for the owners of the marry a Japanese lady, Arthur Arnel I writes to ing the over-crowded tenements and dan ernoted Shippers, are imported in wood and bettled ous to the public health generally. The reby ourselves, thus enabling us to amply the best marks of Mr. A. B. FORWOOD, the Chairman of the Sanitary Committee of the Liverpool the name and quantity of Wine or Smirit wanted. City Council, are quoted in the report to the by the police of attempting to enforce them. American journals as mallolous lies, sad stating purpose of introducing Ceylou tea duto Russia. effect that "One thousand persons may live That the launches are at certain times of that he is returning soon to London. in the best of health upon an acre of land, if the day over-crowded shows the desire of housed according to approved sanitary re- the population to avail themselves of the gulations, whilst 500 persons may live upon accommodation of the suburbs, but appear with attempting to extert mon y by means of an acre without these precautions, and to ently the launch owners do not think lit persons per sero is here stated as being a same in the evening. The idea of leaving though such can be done without pro enterprise is no doubt a correct one in the judicially affecting the health of such per main, but there is at least as much sons. From the report before us, however, occasion, proportionately speaking, for Go, imprisonment. t appears that in a number of the blocks vernmental interference to secure workmen' in Hongkong were than 1,500 persons per launches as there is for insisting on workacre live and in one small block the rate is men's and parliamentary trains in England as high as 8,235 per sore. The total amount At the same time adequate police protection O. Co. a large quantity of stored and merchan air space of the houses, amounts to 4.827 The new police station at Kennedytown persons, but if the space occupied by stair is still unoccupied, though greater police cases, furniture, fittings, etc., were deduct. protection would no doubt lead to the occued to arrive at the olear air space demanded by the Health Ordinance the over-crowding would be found to be very much greater than The recommendation as to the removal of these figures indicate.

the brothels from the centre of the town is also worthy of consideration, but is not quite And unfortunately this over-crowding, so such a simple matter as it looks. far in excess of the 1,000 per acre mentioned y Mr. Forwood, exists in houses of an excrowding and the improvement of the dweltremely insanitary type. We do not over look the point, urged at the time the Publ Health Bill was under discussion; that the population lives to a great extent in the open air, and the circumstance that the city extends in a long line of small-breadth no doubt renders over-crowding less injurious than it would otherwise be, but after making all possible allowances it must be confessed that there exists a great evil which calls urgently for amenda-ent. The Over-crowding Committle do not tone upon the sanitary condition of the houses, but the two questions some extent overlap, and ough; to be considered together. Last year an Ordinance was passed called "The Crown Lands Resumption Ordinance, one of the principal objects of which is in the words of Sir WILLIAM DES VOUX'S despatch to the terials, less cost of pulling down. As Secretary of State, "to facilitate a con-Government of Hongkong tis slavgely iretemplated experiment! having for its object a permanent improvement in the sanitary state of things it will have to observe a rather condition of the town. The despate more liberal policy than this in putting them to rights, but it is not called upon to show any excess of generosity to the landlord regards five-sixths of the rooms are in per-Chemplon on the 2th inst. Shanghai by the steamer Canton. for this port at noon on the 17th inst.

refers to (the over-crowding which exist in . houses which are without vards or windows at the back, and which petual 'and complete 'darkness." and says the proposal is "to somire one or more portions of laud covered with such houses and to re-sell them (1) eith r after the replacement of the present houses by others constructed under better sanitary conditions, or (2) with an obligation attached to the purchase for the building of such houses. If it is the case, as we should consider probable, that the greatest over-crowding exists in Good Leeward Island ... \$1.50 per Gallon the most insanitary houses the report of Shanghai vesterday. Messrs. MITCHELL-INNES and EDE will show The M. M. steamer Orve, with the next out-ward French mail of the Saigon yesterday morn Hosring's Cherry Cordial where a commencement ought to be made Dr. Siegert's Angustows and no time ought to be unnecessarily lost in dealing with the district where the population is at the rate of over 3,000 to the acre

But then arises the question of how the po pulation is to be disposed of while the im provement of the over-crowded districts is in At Foochow, on the 14th instant, by The Bight progress. If there are not sufficient houses Rev. Bishop Burdon, of Hopgkong, assisted by the Rev. Liewellyn floyd, of Foochow, Duncky James for the population there must necessarily be Rein, M.B. C.M. > MINERAL EXPLORATION IN *NETHERLANDS INDIA*

It appears to advices from Java that four Australian miners have recently arrived in large island of Celebes, 34,000 squares, miles in area, has long been known to produce the yellow metal, and gold is said to be so widely spread over the northern portion of the island, as to form an important article of export. The recent cruise of the Glanggi (chartered by some specula tive Australians) possibly threw some light on this subject, but it was properly noted in our columns that Colebes, being part of Natherlands India, the sanction of the Linton Government is essential—to-the-success-of-any-gold-mining scheme there.—The Australian miners above re-I ferred to must reckon with this factor, before testing what mineral wealth may await prodangerous state, wounds from the tail of this encotors in the unexplored interior of Celebes Other parts of the Netherlands Indies may also The dragon boat procession being about to repay mining research.
